About AlHuda Centre of Islamic Banking and Economics

AlHuda Centre of Islamic Banking and Economics (CIBE) is an internationally recognized institution specializing in Islamic finance advisory, capacity building, research, training, and Shariah-compliant financial solutions. With a global presence extending across more than 104 countries, AlHuda CIBE has successfully collaborated with financial institutions, regulators, government bodies, and development organizations to promote the growth and development of Islamic financial ecosystems worldwide.

The organization has successfully delivered:

- International consultancy and advisory assignments
- Professional training and certification programs
- Global conferences, forums, and knowledge-sharing platforms
- Research-based policy development and market development solutions

Through its expertise and global network, AlHuda CIBE continues to support the advancement of Islamic finance by developing professionals, strengthening institutions, and promoting innovative Shariah-compliant solutions. The organization is committed to bridging the gap between conventional insurance and Takaful, contributing toward sustainable, inclusive, and ethical financial growth worldwide.

About Takaful Consultancy Wing

AlHuda CIBE has established a dedicated Takaful Consultancy Wing focused on providing specialized advisory services, research, training, and capacity-building solutions for the global Takaful and Re-Takaful industry.

The Takaful Consultancy Wing works closely with insurance companies, Takaful operators, regulators, financial institutions, and industry stakeholders to support the development of Shariah-compliant insurance solutions. Its expertise covers Takaful product development, operational frameworks, Shariah governance, regulatory support, market research, and professional development initiatives.

Program Overview

The Global Professional Development Program on Takaful and Re-Takaful is designed to connect professionals with global Islamic finance expertise through structured virtual learning and practical exposure. The program aims to equip participants with comprehensive knowledge of Takaful and Re-Takaful principles, operational practices, regulatory frameworks, and emerging industry trends.

Through expert-led webinars, interactive sessions, case studies, research assignments, and virtual industry exposure, participants will gain practical insights and international perspectives to enhance their professional capabilities in the evolving Takaful and Re-Takaful landscape.

Originally launched during the COVID-19 pandemic, this initiative has grown into a globally recognized virtual professional development platform, engaging more than 4,000 participants from over 140 countries and featuring 300+ expert-led sessions delivered by international industry professionals, scholars, and practitioners.

Overview of Takaful and Re-Takaful Sector

The Takaful and Re-Takaful sector is a rapidly growing segment of the global Islamic finance industry, offering Shariah-compliant alternatives to conventional insurance based on mutual cooperation, shared responsibility, and ethical risk management.

Takaful operates on the principles of mutual assistance and risk-sharing, where participants contribute to a common fund to support each other against potential losses. Re-Takaful provides Shariah-compliant risk management solutions for Takaful operators by enhancing capacity, stability, and sustainability.

With increasing demand for ethical financial solutions, supportive regulations, and the expansion of Islamic finance worldwide, the Takaful and Re-Takaful industry continues to create new opportunities for innovation, financial inclusion, and professional development.

Program Objectives

The program aims to:

- Strengthen professional knowledge and skills in Takaful and Re-Takaful
- Develop practical understanding of Shariah-compliant insurance models and operations
- Enhance awareness of regulatory, governance, and risk management frameworks
- Promote research, innovation, and strategic thinking in the Takaful sector
- Facilitate knowledge exchange between local professionals and global industry experts
- Support the sustainable growth and development of the Takaful and Re-Takaful industry

Learning Outcomes

Upon successful completion of the program, participants will be able to:

- Understand the core principles and concepts of Takaful and Re-Takaful
- Apply Shariah-compliant insurance concepts in practical scenarios
- Analyze Takaful and Re-Takaful operations and business models
- Understand risk management, regulatory requirements, and Shariah governance frameworks
- Gain insights into global Takaful industry trends and practices
- Develop professional and analytical skills for the evolving Takaful sector

Program Structure

The program combines structured online learning, live webinars, interactive sessions, case studies, and global expert-led internship exposure.

Value-Added Features

- **International exposure sessions** with global industry professionals
- **Virtual industry tours** of leading International financial institutions
- **Free training** workshop
- Real-time engagement and networking opportunities

Designed specifically for Ethiopian financial professionals to support national financial inclusion and Islamic banking development.
